

NOW YOU ARE ABLE TO PROVIDE THE NUTRITIONAL BENEFITS OF OUR COMPOST TO YOUR INDOOR PLANTS WITH OUR COMPOST TEA BAGS.

Directions for use:

- Fill your watering can with water. (Up to 2 gallons)
 - Submerge your tea bag until only the string is visible.
 - Let steep for at least one week.
 - Gently squeeze the compost tea bag to release the nutrients into the watering can.
 - Water plants as desired.
- May use up to 4 gallons per bag*
- You may compost the bag in your garden when finished
